

## Crab Festival Memo

Hello Crab Festival Vendors!

Enclosed with this memo you will find your Crab Festival Vendor Handbook. I wanted to point out a couple of very important changes for you.

The Fire Marshal is requiring that **all** Crab Festival booths **must have** a fire extinguisher this year. Different extinguishers are required based on what you will be doing in your booth. Please see page 10 in the handbook for details on specific extinguisher requirements.

There are a few stores here in town carrying fire extinguishers: Sutliff's True Value Hardware, Spenard Builders Supply, and Scuba Doo. There are limited numbers on island right now, but the stores can order extinguishers for you. The **type K** extinguishers required for vendors using deep fat fryers **are available by special order only** through Scuba Doo.

**Also new this year, all cooking vendors are required** to take a fire extinguisher/fire safety class which will be held Tuesday, May 20<sup>th</sup> at 10:30am at Fisherman's Hall. The class is open to all Crab Festival vendors, but cooking vendors are required to take it.

Please don't hesitate to call if you have any questions on the packet.
